7. PERFORMANCE ASSESSMENT

- 7.1 The Employee's performance will be measured in terms of contributions to the goals and strategies set out in the Employer's Integrated Development Plan (IDP).

 - 7.3.1.1 Each KPI shall be assessed according to the extent to which the specified standards or performance targets have been met and with due regard to ad-hoc tasks that had to be performed under the KPI.
 - **7.3.1.2** The assessment of the performance of the Employee will be based on the following rating scale for KPI's:

Rating	Terminology	Description
5	Outstanding performance	Performance far exceeds the standard expected of an employee at this level. The appraisal indicates that the Employee has achieved above fully effective results against all performance criteria and indicators as specified in the Performance Plan and maintained this in all areas of responsibility throughout the year.
4	Performance significantly above expectations	Performance is significantly higher than the standard expected in the job. The appraisal indicates that the Employee has achieved above fully effective results against more than half of the performance criteria and indicators and fully achieved all others throughout the year.
3	Fully effective	Performance fully meets the standards expected in all areas of the job. The appraisal indicates that the Employee has fully achieved effective results against all significant performance criteria and indicators as specified in the Performance Plan.

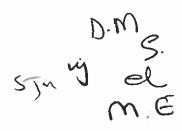

Rating	Terminology	Description
2	Not fully effective	Performance is below the standard required for the job in key areas. Performance meets some of the standards expected for the job. The appraisal indicates that the Employee has achieved below fully effective results against more than half the key performance criteria and indicators as specified in the Performance Plan.

The appraisal indicates that the Employee has achieved below fully effective results against almost all of the performance criteria and indicators as specified in the Performance Plan. The Employee has failed to demonstrate the commitment or ability to bring performance up to the level expected in the job despite management efforts to encourage improvement.

- **7.3.1.3** The rating will then be multiplied by the weighting to calculate the final score;
- **7.3.1.4** An overall rating will be calculated based on the total of the individual ratings calculated above.
- 7.3.1.5 In the instance where the employee could not perform due to reasons outside the control of the employer and employee, the KPI will not be considered during the evaluation. The employee should provide sufficient evidence in such instances; and

7.3.2 Assessment of competencies

- **7.3.2.1** Each competency shall be assessed according to the extent to which the specified standards for the required proficiency level have been met;
- **7.3.2.2** The assessment of the performance of the Employee will be based on the following rating scale for Competencies:

Rating	Achievement level	Description
2	Basic	Applies basic concepts, methods, and understanding of local government operations, but requires supervision and development intervention
3	Competent	Develops and applies more progressive concepts, methods and understanding. Plans and guides the work of others and executes progressive analyses

Rating	Achievement level	Description
4	Advanced	Develops and applies complex concepts, methods and understanding. Effectively directs and leads a group and executes in- depth analyses
5	Superior	Has a comprehensive understanding of local government operations, critical in shaping strategic direction and change, develops and applies comprehensive concepts and methods

- **7.3.2.3** The rating will then be multiplied by the weighting to calculate the final score. Each competency shall carry an equal weighting;
- **7.3.2.4** A full description of achievement levels per competency is attached as **ANNEXURE B**.

7.3.3 Overall rating

- 7.3.3.1 An overall rating is calculated by combining the rating from 7.3.1 and 7.3.2 above. Such overall rating represents the outcome of the performance appraisal.
