13.5	**SERVICE CONNECTIONS (VAT INCLUDED)**					
	a) For all standard underground service connections, the consumer is responsible for the digging of the trench between the boundaries of the stand to the dwelling.					
	b) The owner of the premises concerned shall					
	make application for the installation or					
	reinstatement of a service connection in a form prescribed by the engineer.					
	c) A service connection shall be installed at the					
	expense of the owner and the cost thereof as					
	determined by the Council's Engineer shall be					
	paid to the Council before supply is authorised.					
	d) Every part of the service connection shall remain					
	the property of the Council.					
	e) Notwithstanding the fact that the service					
	connection to an approved electrical installation					
	may already have been completed, the Council					
	may in its absolute discretion refuse to supply					
	electricity to that installation until all amounts due					
	to the Council by the same consumer in respect					
	of that or any other service connection, whether					
	or not on the same premises, have been paid.					
	f) No owner shall be entitled to require more than					
	one service connection for a supply to any					
	premises even if it comprises or occupies more					
	than one stand. The engineer may, however,					
	subject to such conditions as he thinks fit to					
	impose upon the owner, provide more than one					
	service connection to a premise and where more					
	than one service connection is so provided, it					
	shall be unlawful to interconnect them.					
	g) The applicant for a service connection shall,					
	before work on his installation is commenced,					
	furnish the Council with such indemnity as it may					
	specify.					
	h) The engineer may, notwithstanding any					
	indemnity given in terms of paragraph 5.6 refuse					
	to install a service connection until he is satisfied					
	that no person is entitled to object to such installation.					
	i) The levy for all connections includes the cost to					
	the consumer of all material, meters, equipment,					
	transport and labour which, to the reasonable					
	estimate of the Council's Engineer, will be					
	required to establish the connection plus an
